

RAPID RESPONSE PRODUCT LINES

Weather, natural disasters and other circumstances can force people into tight temporary accommodations. But there are ways to make that space comfortable. Our solutions for flexible space help create privacy, quiet and physical separation when it's most needed.

"Versare has gone above and beyond to provide exceptional service, and adapt their EverPanel solution to our specific needs it's been a great experience."

- Brian Jenkins, President Rental Innovation

WHO WE ARE

CREATE THE SPACE YOU **NEED**
IN THE SPACE YOU **HAVE**.

From a divider wall in a child's bedroom, to movable cubicles in offices and warehouses, to turf protection for a stadium half a world away, we're bringing flexible space to everyone we touch.

EVERBASE® FLOORING - TOOLLESS, LIGHTWEIGHT, STRONG

Versare's EverBase flooring is designed to withstand the elements and provide a seamless surface for military tents, government events, disaster relief shelters, and temporary housing. From tactical operations centers (TOCs) to sleeping, kitchen, and hospital tents, to storage, temporary housing, and intake operations, EverBase is the ideal flooring for remote deployment in harsh environments.

Engineered for strength, EverBase flooring features an innovative interlocking system for efficient transport on pallets and fast installation. Tiles are water, chemical, and weather resistant and are easy to clean using standard cleaning fluids or a pressure washer. From rapidly deployable shelters to larger-scale warehouse structures, EverBase flooring can be used to keep personnel and equipment out of mud, sand, and dirt.

www.versare.com | 1.855.292.3783 ext. 3 | rapid@versare.com

EverBase 3 Modular Flooring

EverBase 3 tiles are lightweight and feature a toolless, reinforced connector system. Connecting adjacent tiles creates a seamless floor surface and a solid support base for all types of activities. EverBase 3 flooring is designed for light and medium-duty use and will deploy significantly fast than other flooring on the market.

Length: 24" (60.96 cm) **Width:** 18" (45.72 cm)

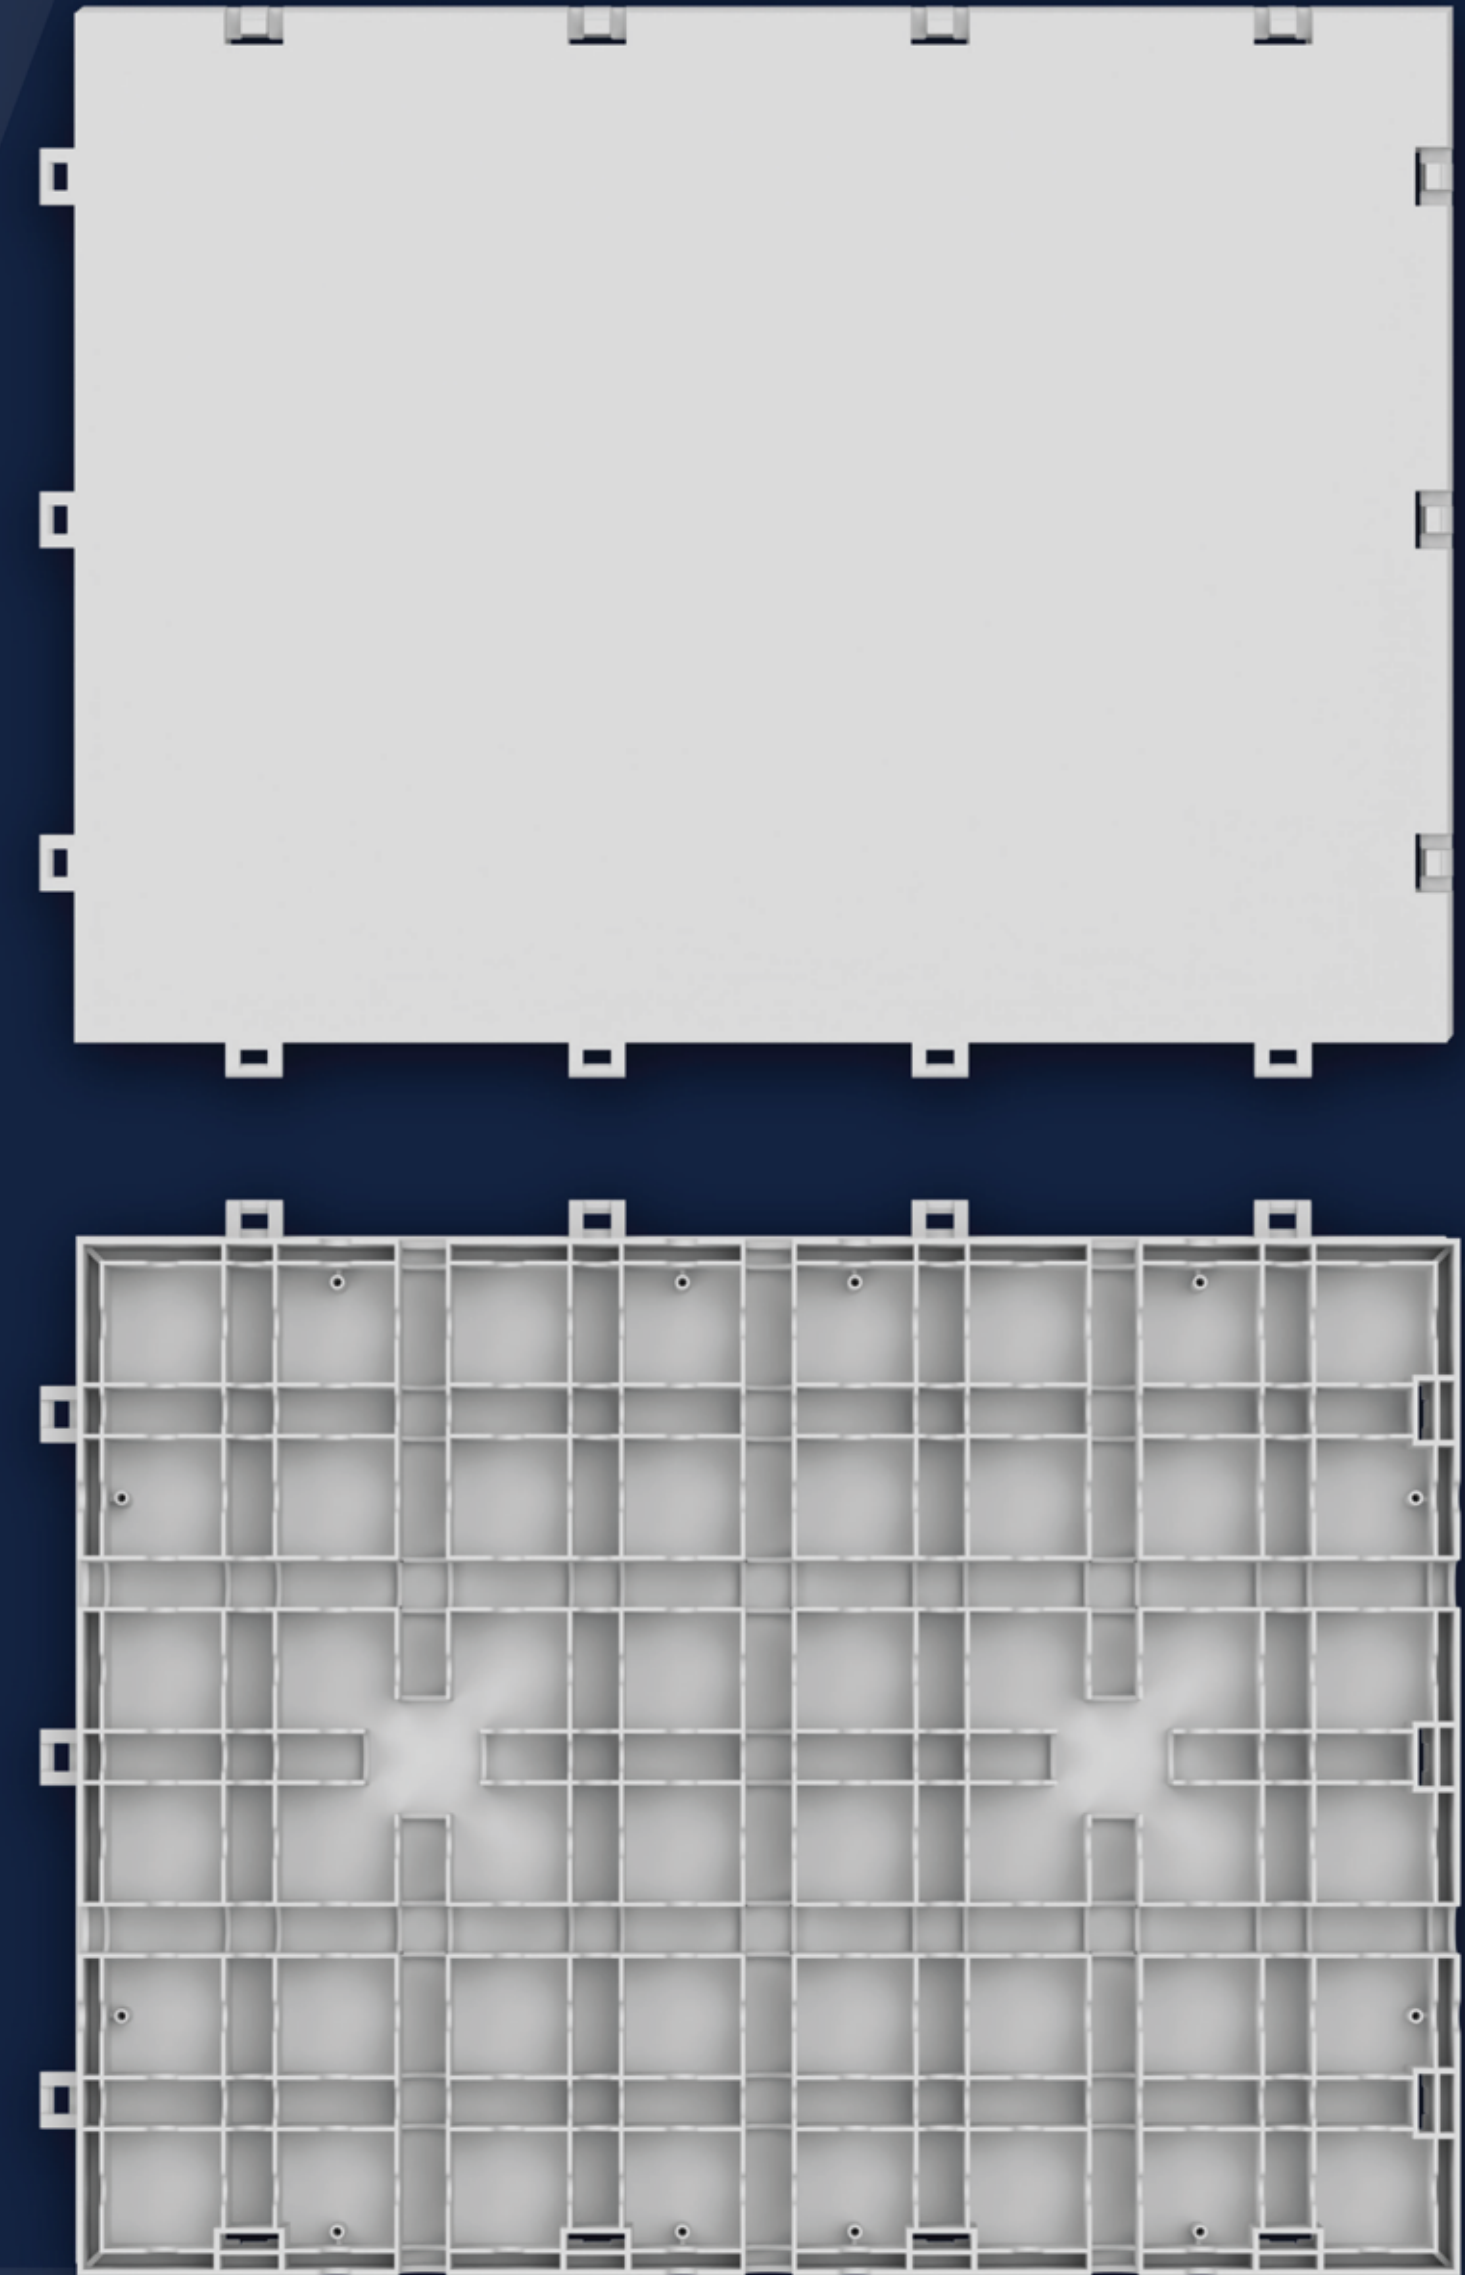

Thickness: 1.1" (2.79 cm)

Weight: 3.61 lb per tile (1.63 kg)

Weight Loading Capacity: 20,000 lbs sq/ft

Material: High-Impact Polypropylene Co-Polymer

Versions: Solid Top and Drainage Top

EverBase 4 Modular Flooring

LIGHTWEIGHT

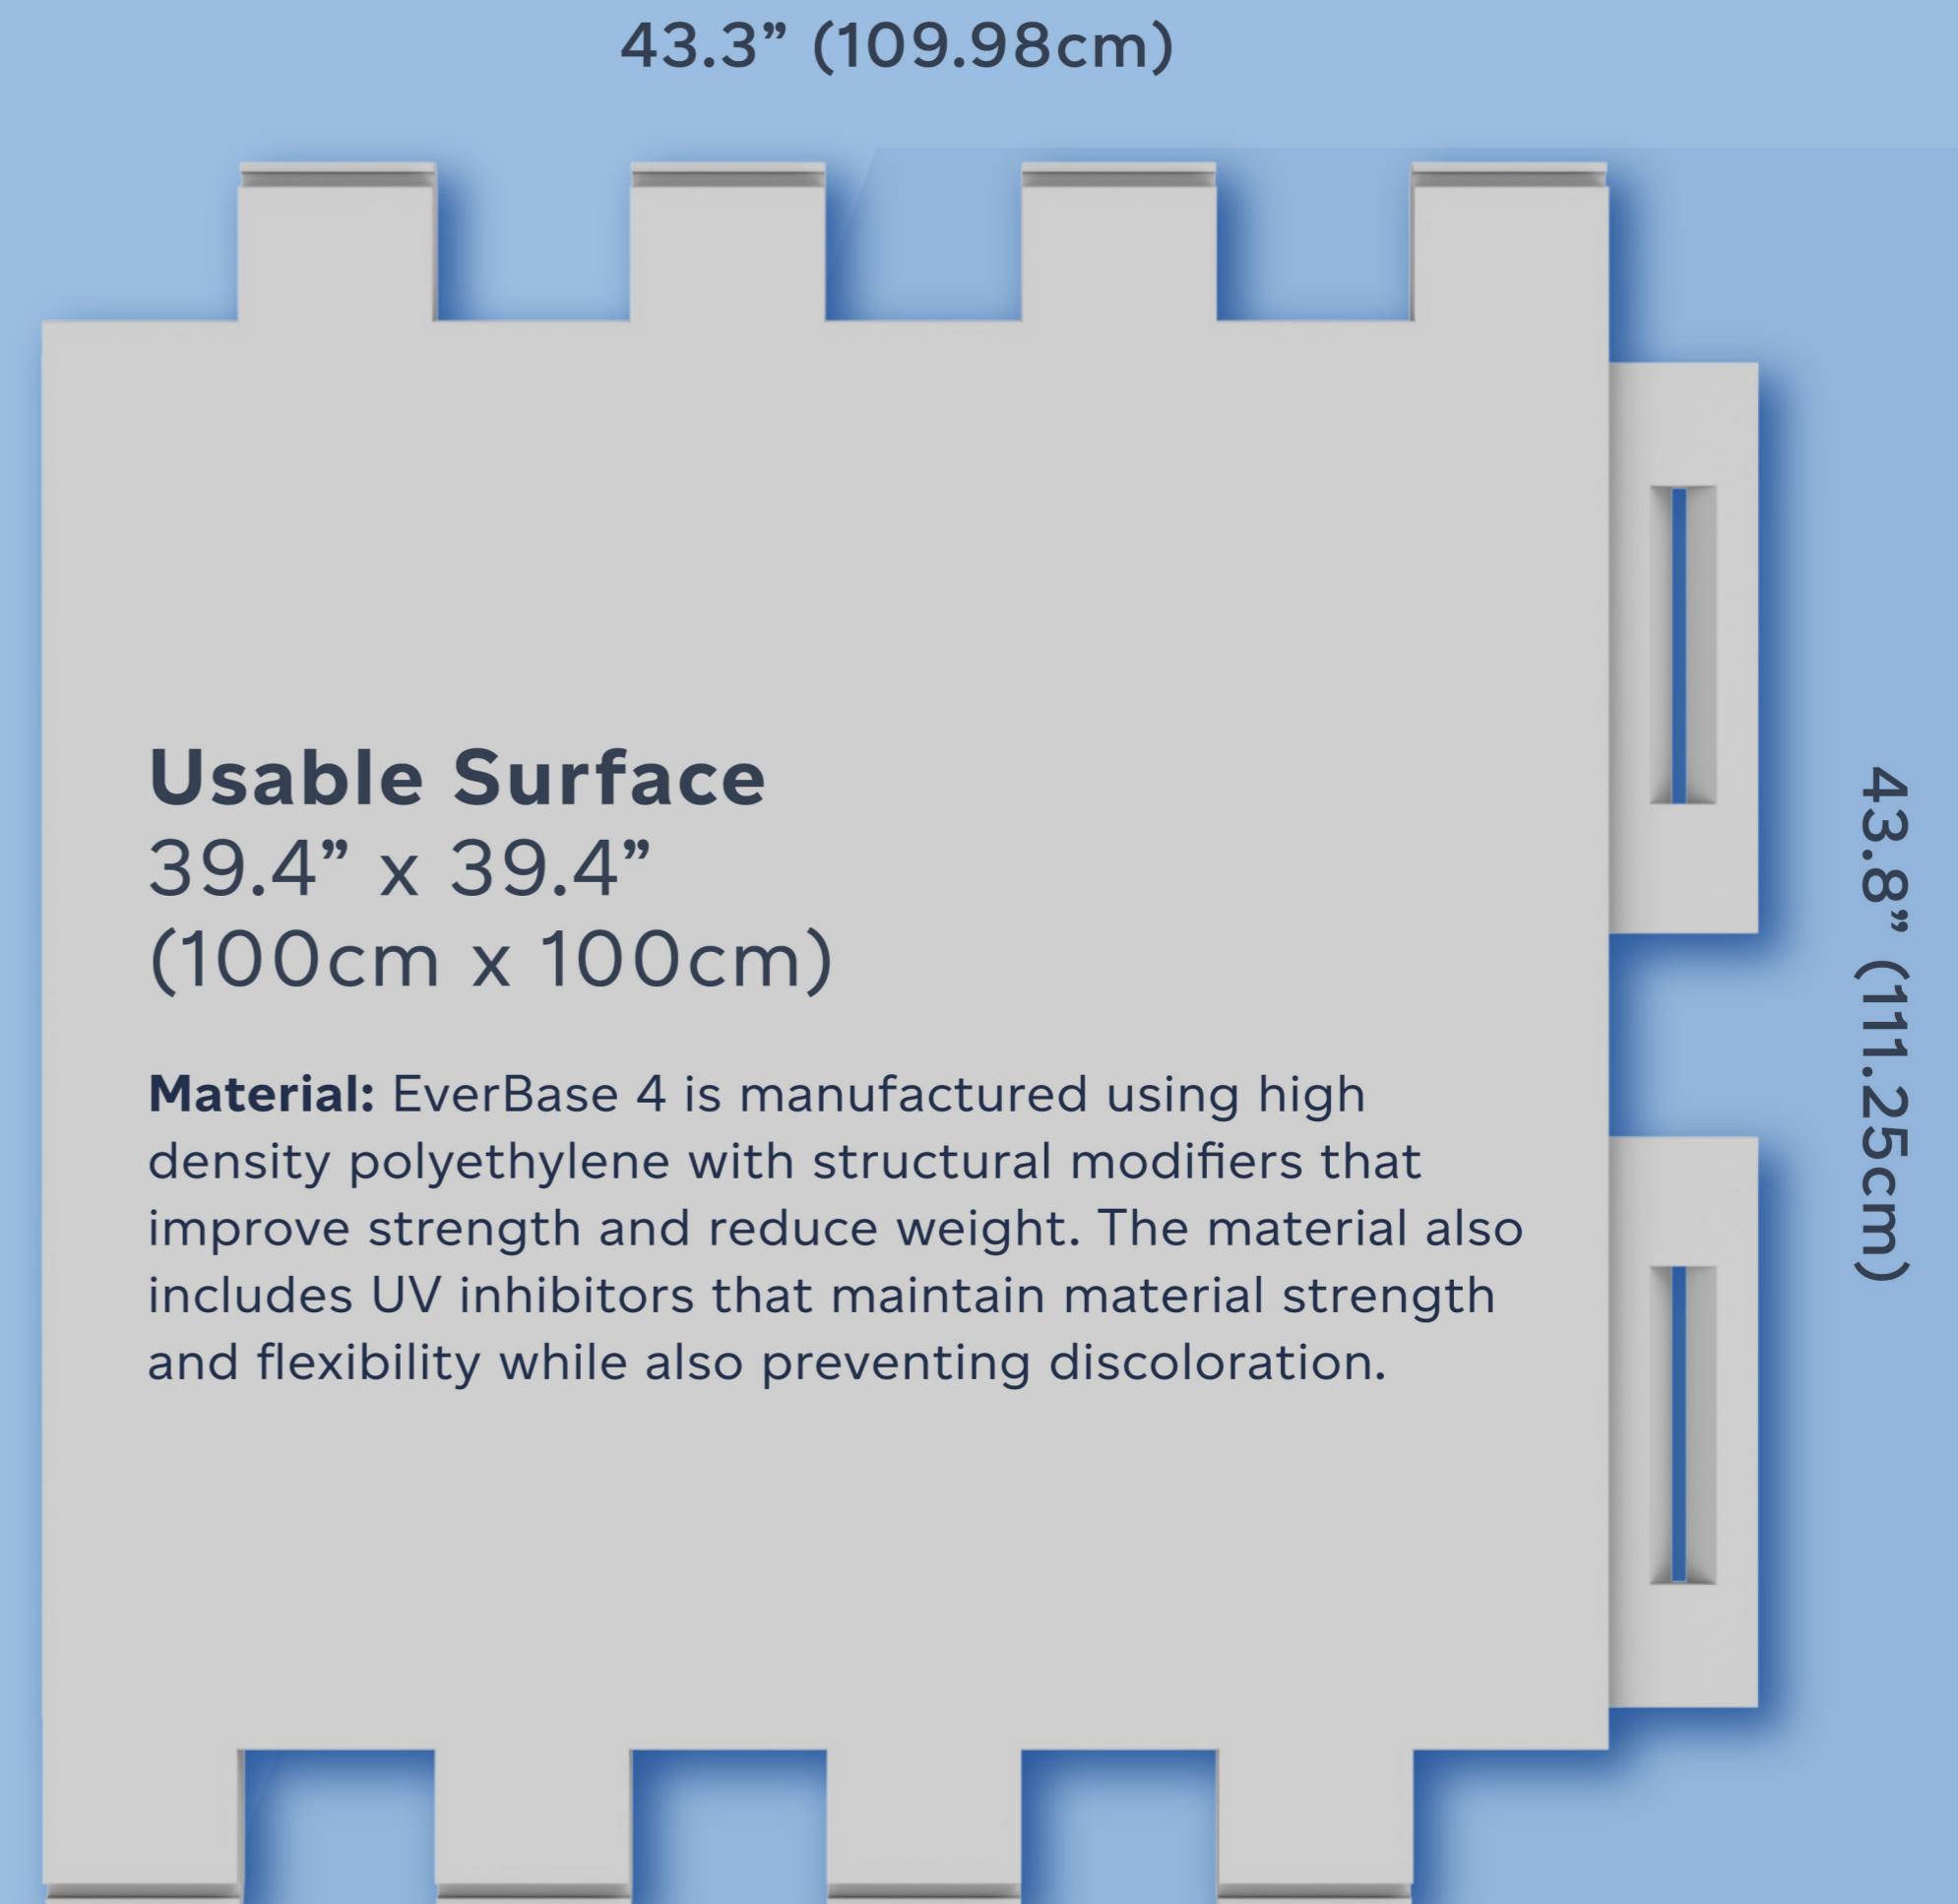

Starting at 29 lbs per tile, EverBase 4 is the lightest heavy-duty cover on the market. EverBase 4 requires only one person to lay individual tiles compared to other solutions that require two.

TOOLLESS

No camlocks required! EverBase 4 installs fast and requires no tools. With a revolutionary interlocking connector system, simply nest tiles together and keep your operating costs low.

STRONG

Engineered and manufactured for strength, EverBase 4 is both durable and rugged to protect surfaces while supporting heavy equipment and structures.

WHAT IS THE EVERPANEL® SYSTEM?

The EverPanel system offers a variety of sizes, colors and accessories to create freestanding walls and rooms. The standard FPR face is a hospital grade building material that is easy to maintain and sterilize. The frame is a PVC plastic, and the faces are fastened in place with a specialized epoxy compound.

The EverPanel system is produced in the USA and production is rapidly scalable for large volume orders.

- Rapid assembly
- Fully modular
- No building permit required
- Instant finished look
- Limited to no tools needed
- Easy-to-clean

EverPanel - Acoustic Baffling & Custom Printing

Marble Gray

Dark Gray

Light Blue

Dark Blue

- SoundSorb™ acoustic panels reduce noise levels. Available in 4 colors on white or black frames.
- Made from high-density 100% polyester fibers (PET).
- SoundSorb acoustic panels are lightweight, fire-resistant, mold-proof, moisture-proof and environmentally friendly.

- Custom colors available with short lead times.
- Custom printing available.
- Optional white or black frames.

EverPanel - Ceiling/Roof Options & Height

- Drop in roof kits available in 8ft widths, at any length.
- Roof kits offer options for SoundSorb noise dampening material, as well as translucent polycarbonate to allow greater light.
- Optional LED lights and fan ventilation are also available.
- Partitions can be as high as 12' tall.
- EverPanel units start as small as 1' x 1', offering more possible configurations of panel sizes and combinations of colors.

EverPanel - Quick, Toolless Assembly

- Place 2 lug connector on the ground
- Click 1st panel into a lug
- Click 2nd panel into other lug
- Add second 2 lug connector into the top of the panels
- Add closure caps

EverPanel Features - Fire Testing & Shipping

- EverPanels meet a high standard of burn rating.
- Rigorously tested, EverPanel passes ASTM E-84 at Class C, meeting strict flame spread requirements and producing less smoke than the maximum permitted under this class.
- Suitable for modular interior walls and partitions in all uses, and may occasionally be used for fixed permanent construction.
- Panels ship on pallets, wrapped in cardboard with corner guards, then strapped and cling-wrapped.
- 7' and 8' panels that include swing doors ship on oversized 96" x 44" x 54" pallets.
- Warehouse double stacking possible for ease of storage.

EverPanel Success Stories

**New Orleans
Convention Center
Covid-19 Hospital
2020**

Thousands of 10' x 10' EverPanel Rooms and EverBlock Nurse Stations
EverPanel modular wall systems and EverBlock life-size building blocks transformed the Ernest M. Morial Convention Center in New Orleans into a temporary hospital site for treatment and isolation of Covid-19 patients.

EverPanel Success Stories

New Jersey
Covid-19 Hospital
2020

130 Bed Hospital, Covid-19 Overflow Ward

The U.S. Army Corp of Engineers added 300 beds to NYC and NJ area hospitals with EverPanel partitions, EverBlock desks and equipment columns in a gymnasium and parking lot tent.

EverPanel Success Stories

**Texas National Guard
Border Housing
3 Sites
2022**

39 Tents, 585 Rooms – Bunk Space for 2,340 Texas National Guard Soldiers
When the Texas National Guard needed more comfortable temporary housing, they selected Versare's EverBase flooring and EverPanel modular walls to create rooms with lockable doors for greater privacy.

EverBlock® Systems– Easily Create Deployable Structures

EverBlock is a modular building system of oversized plastic blocks that are used to construct any structure you might need. No tools are required to build walls, furniture or displays with none of the dirt or debris of traditional construction.

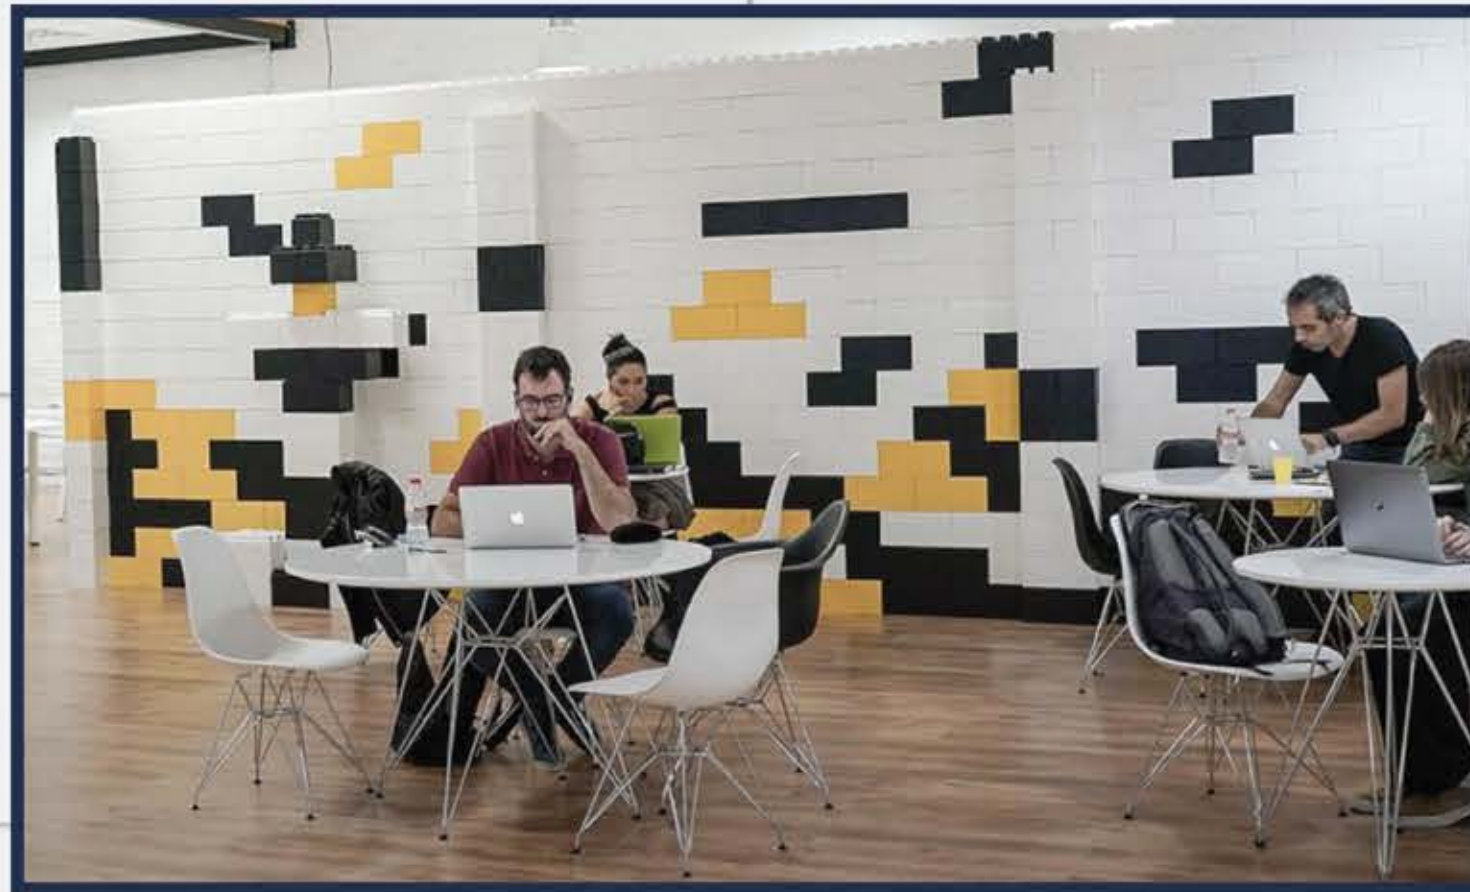

Manufactured in the U.S.A. in Minneapolis, MN, production is rapidly scalable for large volume orders.

Block Colors

EverBlock Design Possibilities

EverBlock - Accessories & Stability

Accessories

Create openings with lintels, add door kits for privacy or make shelving and desks for offices and living spaces. No tools required.

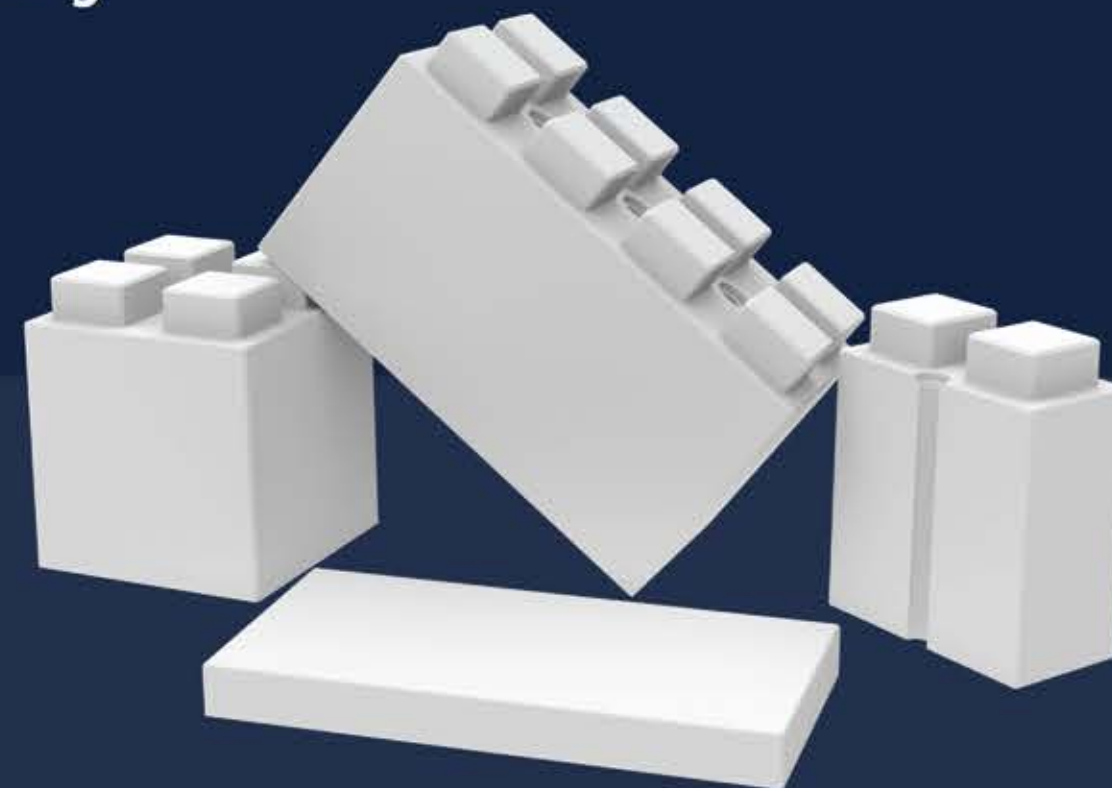

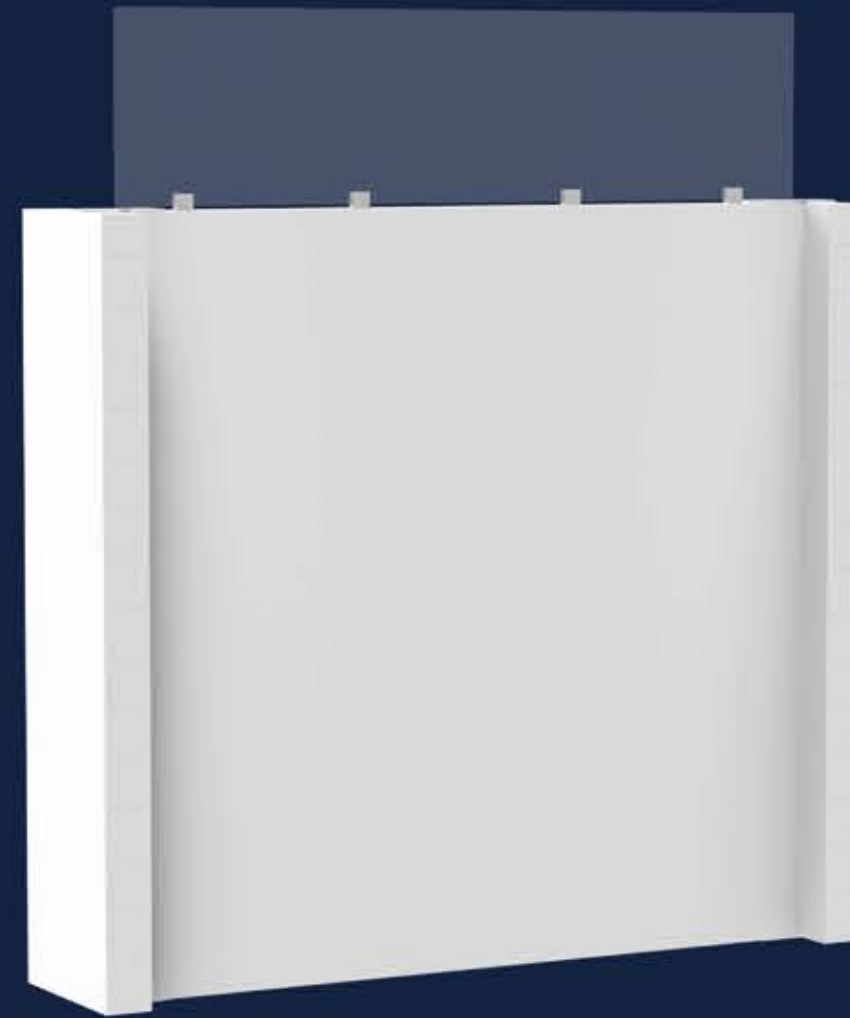

- Interlocked and supported blocks can be built as tall as 24ft.
- Each block weighs ~1.75 lbs., so a large wall can weigh several hundred pounds, making the structure sturdy and keeping it in place.
- Blocks can be screwed or bolted to fasten them down or supported with rebar or threaded rods.

Additional Details - EverPanel vs EverBlock

EverPanel

- Clean and elegant
- Use with paint/wallpaper
- Different face options (Soundsorb/Polycarbonate)
- Permanent feel, even if temporary
- ASTM E84 Class C rated
- 3" deep footprint

EverBlock

- Creative and versatile
- 16 colors
- ~10-15% cheaper than EP
- Feels flexible/artistic
- UL 94 HB rated
- CSPA certified
- 6" deep footprint

Room Divider 360[®] - Create Instant Separation

Instantly divide large areas with a versatile room divider that extends out to 30'. The Room Divider 360 Folding Portable Partition features our patented 360-degree hinge for unparalleled flexibility. Configure it as a straight line, or in a U or L shape to accommodate your space. Upgrade to ShieldWall for a bullet-resistance partition.

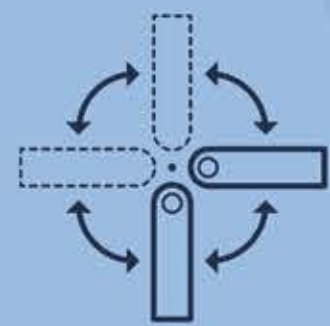

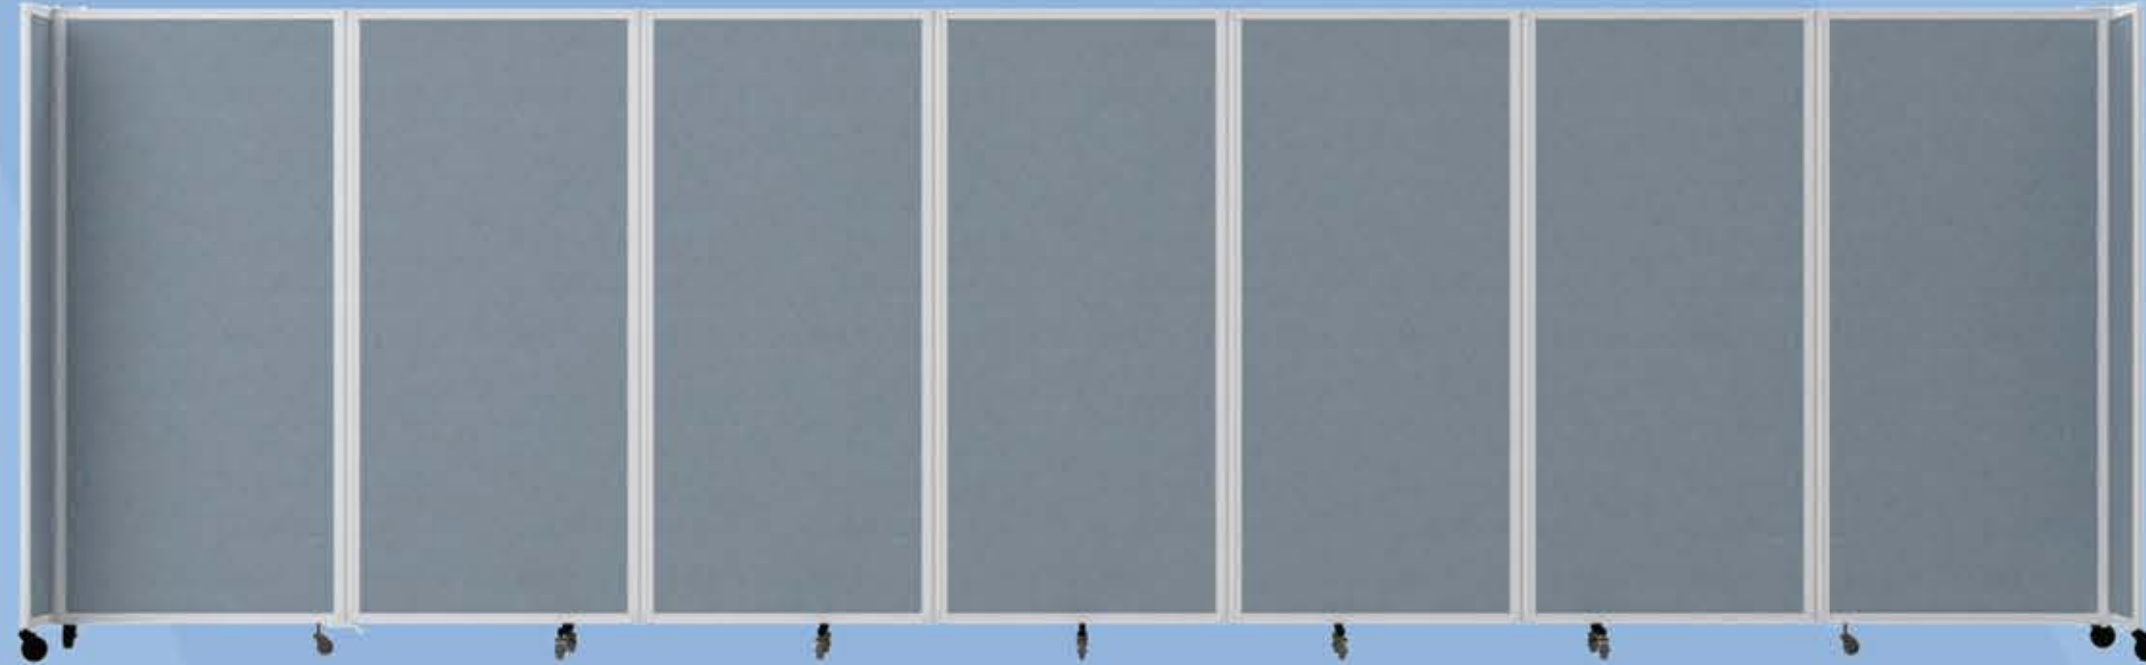

Room Divider 360 is available in more than 36 finishes and multiple trim colors, as well as custom printing.

Manufactured in the U.S.A. in Minneapolis, MN, production is rapidly scalable for large volume orders.
