OPERABLE WALL™ SLIDING

Divide spaces up to a height of 19'9" with a wall-mounted StraightWall Sliding Partition. A patented sliding mechanism allows panels to glide open or closed in a telescoping fashion, creating a straight wall in your desired width. Full-sized end panel creates a finished look. Durable polycarbonate panel options are beautiful and easy to clean.

OPERABLE WALL™ FOLDING

Separate spaces in large areas. The wall-mounted Operable Wall Folding Room Divider offers coverage up to 12' in height and 19'6" in width. A low-cost alternative to expensive track-mounted accordion door systems; an effective solution for areas that can't accept a track system. Easy to operate. No permit required for installation.

EVERPANEL® KITS

Quickly and economically create partitions, walls, even entire rooms with our EverPanel Wall Kit. This unique modular wall system uses durable, lightweight, interlocking panels to create a self-supporting structure—no need to connect it to a permanent wall. Includes an open channel to run cable or wiring between panels.

BULLET RESISTANT WHITEBOARD

NIJ Level IIIA

Tested to stop .357 SIG and .44 Magnum ammunition fired from long barrel handguns. No rifle ammunition protection.

NIJ Level III

Tested to stop 7.62mm FMJ lead core rifle ammunition.

SHIELDWRITE™

ShieldWrite gives you greater freedom to communicate, collaborate and problem-solve – all with an added layer of security. Its everyday utility blends into your environment, masking a ballistic-grade core capable of withstanding assault rifle or handgun bullets. When seconds matter, ShieldWrite deploys instantly, creating a highly maneuverable protective shield for escape. Rigorously tested, ShieldWrite meets National Institute of Justice standards. Choose your level of protection, handgun or assault rifle, and use ShieldWrite to add another layer of safety to your security plan should the unthinkable happen.

OFFICE ESSENTIALS

DESKS

Sit, stand, move—whatever you need to stay productive and energized. Between the lowest setting of 24" up to the highest setting of 66" - this desk accommodates people of most heights.

MONITOR ARMS

Monitor arms designed with ample adjustments provide the user with an unparalleled mounting solution - improving both work comfort and efficiency. Built-in 180° rotation stop prevents the arm from hitting adjacent partitions and walls. Convenient cable management conceals wires for a clutter-free appearance.

CHAIRS

The Sola LT represents a conscientious convergence of noteworthy value and comfort you can count on. This ergonomic chair balances postural support while optimizing your workplace.

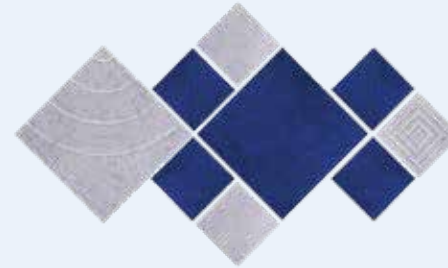

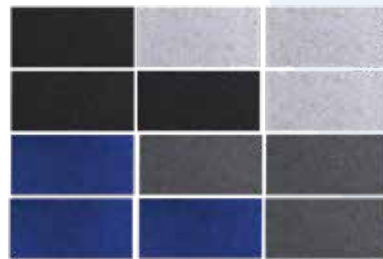

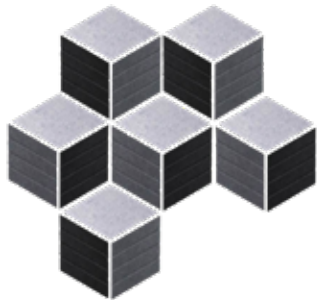

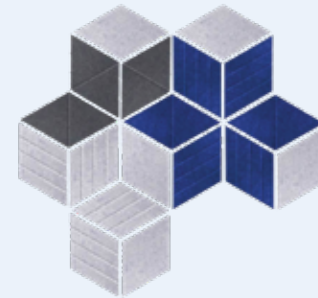

FILING CABINETS

Store your personal belongings and work-related items and secure them when you're not at your desk. Our locking, rolling cabinet is equipped with three pullout drawers for office supplies, documents and more.

ACOUSTIC PANELS

SOUNDSORB™

Reduce noise and make a statement. Mix and match our wall-mounted acoustic SoundSorb panels to add to your decor and improve the ambiance of your open space. Fire resistant, mold- and moisture-proof and eco-friendly: Panels are composed of 60% recycled material from PET bottles, which produce a soft, strong fabric that's durable and has great acoustic performance. NRC rated up to 0.60. (Please note: recycled content may result in natural variations in texture and shading, especially from order to order.)

ACOUSTIC PARTITIONS

VERSAPANEL™

Reduce noise and separate space with the VersaPanel Acoustical Partition Wall. The acoustic-ribbed fabric and heavy foam core give this partition an NRC rating of 0.30. Partition meets the floor along its full width to help keep sound confined. Arrange it in an S, C or L shape. Link several units together for a stylish and sound-focusing backdrop. Easily rolls up for storage.

VERSAFOLD™

Create separation and privacy – when you need it, where you need it – with the VersaFold Acoustical Room Divider. With the same NRC rating of 0.30 as the VersaPanel, you can set up the VersaFold in a zigzag configuration, or use the optional VersaFoot accessories to create an L or C shape. Connect several to create a longer divider. Partition meets the floor along its full width to help confine sound. Easily folds up for storage.
